PLAINTIFF'S REPORT ON SETTLEMENT PROGRESS

There has been no movement at all with respect to settlement of this case. The Defendants have repeatedly stated their position that there is no possibility that they will consider settling this case because they are convinced that they will prevail on Summary Judgment. This being the case, all discussion will have to wait until they lose the Summary Judgment motion which is almost certain given the nature of the claims. Naturally, the plaintiff's demand will be substantially higher at that time because of the extraordinary amount of discovery that will have been undertaken and the cost of retaining experts who will, of course, have to be paid.

Respectfully submitted
